COMPANY PROFILE

About Us:

Your safety - in the best of hands

Armani Protection Services is the 'James Bond' of personal security companies. We offer you premium, powerful, all-round protection at affordable rates. You can rely on us to proactively protect every aspect of your life, whether it be your person, your family, home, or business. We are here to ensure that any security problems you may encounter are promptly bashed down and dealt with. And, with our highly skilled, PSIRA accredited, professional guards on your side, you can rest assured that your safety is in the best of hands. We guarantee to do everything in our power to protect you, every moment of every day. Armani Protection Services is also accredited with BBB-EE level 1, with our BEE score card available on request.
Our director, Tyrique, is a veteran of the security industry. Upon deciding that he wanted to make more of a difference in protecting the members of his community, he founded Armani Protection Services. Become a part of our community of clients today, and you will not only enjoy our protection, but also that of our partner company, NoJack. NoJack Vehicle Tracking is a well-established vehicle recovery company with branches all over South Africa, and has achieved an impressive 99.9% recovery rate in its 25 years of operations. Combined together with NoJack, Armani Protection Services is your one-stop-shop for all of your security requirements.

Our Mission:

Our mission is to protect you and every aspect of your life, day and night. We are here to ensure that you and your family can sleep sound knowing that we have got you covered. We are dedicated to securing your peace of mind through our professional, cost-effective protection services. Let us be your spy against the darkness, ready to take care of any problems as soon as they arise.

Our Vision:

To provide you with 007-quality security at everyday prices. We aspire to equip our community of clients with a defence force that serves as your armour against even the hardiest of criminal elements.

Our Partner:

Established in 1997, NoJack Vehicle Tracking has earned its reputation over the past 25 years through its impressive 99.9% vehicle recovery rate. With branches located throughout South Africa, NoJack has ensured that it remains on the cutting edge of tracking equipment and technology.

Using license plate recognition, GPS Pinpoint Positioning, and GEO Fencing technology, NoJack will inform you as soon as your vehicle leaves a pre-set radius, letting you know straight away through a handy smartphone app.

Other features offered by NoJack include Early Warning Signs to notify us when your vehicle battery is disconnected, and advanced fitment techniques. NoJack is insurance company approved, and has a 24/7 call centre.

Services We Offer:

Vehicle Tracking and Recovery:
Our friendly and professional team will install the NoJack tracking device in your vehicle for you. If the worst happens and your vehicle is stolen, you can rest assured that we will recover it for you, whether you are an existing client of ours or not.

Anti-Hijacking Unit:
Our highly experienced anti-hijacking unit is trained to respond to the most high-risk of situations. At Armani Protection Services, we pride ourselves with protecting our community of clients from the worst of situations. We provide assistance to everybody in the case of a hijacking.

VIP Protection:
Our VIP protection division guarantees invaluable peace of mind to those whose jobs or lifestyles may put them at increased risk. We offer escorts of both vehicles and personnel, and will place our exclusive task team between you and whatever situation may arise. Count on us to protect the very important person that is you.

24-Hour Armed Response:
Whether you're in need of corporate, personal, or home security, we are here for you, 24/7. We provide around the clock armed response for all clients in our community. Our extremely vigilant and experienced task force are ready and waiting to jump into action as soon as you need us. We also offer CCTV offsite monitoring so that we are always at your side with our eyes and ears primed on ensuring your safety.

Armed and Unarmed Guards:
Perfect for companies and estates that require security access control. We will always have a number of our professional guards on-site trained to carry out hourly routine patrols. With direct access to our control room and equipped with panic buttons, these on-site guards will contact our veteran armed guard unit at the slightest sign of trouble and they will jump into action to come and provide complete covert and assistance to our unarmed guards.
